

youth service bureau

Youth Service Bureau (YSB) has been serving youth and families for over 40 years. Our mission is to help youth and families learn the skills they need to be more successful at work, in school, and throughout the community.

Our education program reached over 5,600 parents and community members in 2016. We know that raising kids is more complicated and costly than ever before. Kids are exposed to things today that didn't exist when their parents were kids such as social media, e-cigarettes, and cyberbullying. YSB's Youth and Family Education program exists to provide current, relevant, and supportive information to families and the wider community.

As a non-profit organization, YSB relies on funding from local schools, churches, organizations and businesses to provide assessable youth and family education throughout our community.

We wish to invite you to join us in partnership and support our cause by becoming a YSB Education Program Sponsor.

YSB was formed in 1976 to provide law enforcement with a way to divert youth with behavioral challenges away from the juvenile justice system. In 2016, YSB served 1210 youth, and has grown to include prevention and early intervention strategies. Our core services:

- o Youth-Focused Family Counseling
- o Diversion Services
- o School-based Chemical Health
 - Serving School Districts 622, 833 and 834
- o Youth and Family Education

YSB has three offices: Cottage Grove, Stillwater and Woodbury. We serve families throughout Washington, Ramsey and Dakota Counties and western Wisconsin.

Thank you for considering Youth Service Bureau as your community partner. We look forward to working with you!
